By John R. Hubbard Ph.D. : Schaum's Outline of Programming with C++ confusing textbooks missed lectures not enough time fortunately for you theres schaums outlines more than 40 million students have trusted schaums to help schaums outline of programming with c has 82 ratings and 4 reviews a perennial best seller this timely revision supports the current ansi standard for Schaum's Outline of Programming with C++:

18 of 19 review helpful The only book of its kind By Andrew This is an excellent supplement to most of the college

level textbooks in C programming Many authors of C textbooks are taken up by the apparent need to illustrate complex object oriented concepts lest Java be seen as the alpha and omega in object oriented languages with long winded case studies or programming projects that seem contrived see any book Tough Test Questions Missed Lectures Not Enough Time Fortunately for you there's Schaum's Outlines More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams Schaum's is the key to faster learning and higher grades in every subject Each Outline presents all the essential course information in an easy to follow topic by topic format You also get hundreds of examples solved problems and practice exercises From the Back Cover Master programming with C with Schaum's the high performance study guide It will help you cut study time hone problem solving skills and achieve your personal best on exams and projects Students love Schaum's Outlines because they provide
