By Samuel P. Harbison, Guy L. Steele Jr. : C: A Reference Manual, 5th Edition examples reflect the 6th edition 2nd printing 2010 of the publication manual; apa style guide to electronic references 6th ed 2012; and apa style blog citation quick guides and style manuals chicago manual of style quick guide 16th edition C: A Reference Manual, 5th Edition:

15 of 15 review helpful Very good book low print quality By L Razoumov Harbison Steele is a very good modern and complete C language reference Quality wise it is in the same league as Kernighan Ritchie book I gave it 4 four points

instead of 5 solely because of the poor manufacturing quality of the 5 th edition print It is printed on a low quality paper One cannot use highlighters for the color markings p This authoritative reference manual provides a complete description of the C language the run time libraries and a style of C programming that emphasizes correctness portability and maintainability The authors describe the C language more clearly and in more detail than in any other book From the Back Cover This best selling authoritative reference manual provides a complete description of the C language the run time libraries and a style of C programming that empha_sizes correctness portability and maintainability Describing the C lan
