**By Tony Gaddis : Starting Out with C++ from Control Structures to Objects plus MyProgrammingLab with Pearson eText -- Access Card Package (8th Edition)** Starting Out with C++ from Control Structures to Objects plus MyProgrammingLab with Pearson eText -- Access Card Package (8th Edition):

4 of 4 review helpful I really enjoyed this book By Baylie This book is extremely helpful when you are learning C I wish I could keep it longer The only irritation is sometimes the layout of the C examples is a little confusing but that is

because the examples are longer than a single page If you can I suggest the online edition that can make things a little easier Overall I really enjoyed this book 2 of 2 re NOTE Before purchasing check with your instructor to ensure you select the correct ISBN Seve About the Author iquest Tony Gaddis is the principal author of the Starting Out With series of textbooks Tony has nearly two decades of experience teaching computer science courses primarily at Haywood Co
