0 of 0 review helpful Exactly what I needed By Aleks This book is actually very nice I m not a first time programmer but I m definitely not experienced with Python language and this book is very easy to understand and read I bought this for my Intro Programming class at college but my class is all online so you definitely don t need to be in college to

use this book It can be used by anyone willing to try to learn som NOTE Before purchasing check with your instructor to ensure you select the correct ISBN Several versions of Pearson s MyLab Mastering products exist for each title and registrations are not transferable To register for and use Pearson s MyLab Mastering products you may also need a Course ID which your instructor will provide Used books rentals and purchases made outside of Pearson If purchasing or renting from companies other than Pearson the access codes
